

FISCHER & CIA

# Fischer y Cía.

Fischer y Cía. is a modern and efficient firm, that maintains its recognized national and international leadership in the Tax and Business practice.

We create long-term relationships with our clients, based on nearness, understanding, trust that delivers a tailored advice, for every particular need and requirement.

We enrich our guidance with the Tax Compliance area, as an integral part of the team. The increasing complexity and sophistication required to comply with tax laws and regulations today is key and requires the greatest synchronicity of all practices, which is achieved through the leadership and joint work of the partners.

Likewise, the Business area allows to grant a vision and comprehensive legal advice and accompany our clients in all aspects related to corporate legal requirements, with a commercial focus and suitable to the business strategies presented. Correspondingly, the Merges & Acquisitions, and Banking & Finance area advises on the broad scope of transactions for the acquisition of companies and assets, mergers, divisions, reorganizations and, in general, in all related operations as well as in the processes of financing of the same, whether these are banks, through capital markets or private.

As well, we have a tax litigation team that handles complex and high-profile matters, with conflict resolution focus, and that in recent years has achieved important milestones and agreements that confirm its business emphasis.

We offer the compromise and talent of a legally sound, unified and solid team of excellence, prepared to respond creatively, efficiently and proactively to the challenges that arise.

# Tax Practice
